

BT-15000

BATTERY-POWERED CABLE TIE INSTALLATION TOOL

Hayata introduced the first compact battery-powered installation tools on the market.

Lighter
Weight

Longer
Battery Life

Delivering longer-lasting power in a lighter, more compact tool, Hayata's BT15000 QuikTie™ installs both coated and uncoated cable ties ranging in widths from 1/4" to 5/8".

Built-in trigger-activated
LED work light
for low-light installations

FEATURES:

- 12-volt Lithium-ion battery delivers 50% longer life,* recharges in 30 minutes and operates at low temperatures (-4°F / 20°C). Two batteries included.
- Low battery indicator
- 10% lighter unit weight* and new hex grip design for easier handling during installations
- Variable torque adjustment – up to 265 lbs.
- Built-in trigger activated work light
- 5:1 productivity ratio advantage over standard tools (20% performance improvement*)
- Easy-to-use manual cut-off lever
- Delivers uniform tension for each installation, which means consistent tensioning for the entire job
- Offers more control over tension vs. manual tools, lowering risk of damage to the cable jacket
