

Coated Cable Marking Bands

Hayata's highly durable coated stainless steel cable bands are a great option for high volume marking and maintenance operations. These fully coated bands resist fading due to weather and harsh environments.

100' Color Rolls available if minimums met

- Pre-assembled with a wing seal (standard) or optional buckle – saves you time and labor costs for large projects
- Easy to install
- Easy visual identification
- Durable Hayata coating on stainless steel tie band
- High tensile strength exceeds industry standards
- Wide variety of lengths and colors
